Re: Assessment for Compliance of an Input Product to the United States Department of Agriculture (USDA) National Organic Program (NOP)

Dear Colleen, Kelly, and Kym,

The Products **Green Cap** and **White Cap** from 5479M Beachport Liquid Minerals have been assessed for compliance to the USDA NOP Standards as **Livestock Health Care Products**.

Green Cap and **White Cap** are compliant according to the requirements of the USDA National Organic Program (NOP) for use in certified organic production systems.

The assessment of **Green Cap** and **White Cap** are based on the formulations provided by Beachport Liquid Minerals. Any changes to **Green Cap** and **White Cap** are to be provided to NASAA Certified Organic (NCO) in writing and a reassessment of compliance will be conducted.

This confirmation of compliance is valid while **Green Cap** and **White Cap** remain unchanged from the formulation submitted and while Beachport Liquid Minerals retains certification with NCO.

Regards,

A handwritten signature in blue ink, appearing to be "Wambui Gikenye".
