

# For best results at **WEANING** try BLM Green Cap

## WHAT IS BEACHPORT LIQUID MINERALS

BLM livestock supplements are a unique 3-in-1 proven combination of amino acids, electrolytes and trace elements, to aid in feed conversion of both dry and green feed. The product is designed for ease of use and simplicity through water medication.

## GREENCAP

A calmer animal performs better

The **Green Cap** product is a natural formulation aimed at calming livestock to improve ways of coping with stress and utilise the numerous natural occurring effects of electrolytes and amino acids in cattle and sheep. Green Cap is beneficial for use during high stress periods such as weaning and transporting.

- ✓ One dose application
- ✓ Animals cope better with separation and are easier to handle when stress levels are lowered.
- ✓ Animals spend less time "sulking" and return to feed & water sooner
- ✓ Helps reduce weaning time and stimulates the rumen
- ✓ High amino acid content (the building block of protein)
- ✓ Feed conversion on both dry and green feed
- ✓ Nil withholding

### APPLICATION

Dispense into water trough using the BLM Dispenser upon entry to weaning yards or paddock or can be poured directly into water tanks.

### DOSE RATES

Cattle	Per head, lasts for 6 weeks	
	100 - 200 kgs	20mls
	201 - 300 kgs	30mls
