

WHY USE BLM

Not just a trace element supplement

3 in 1 supplement for cattle, sheep & horses amino acids, electrolytes & chelated trace elements

TO AID IN:

- ✓ FEED CONVERSION OF DRY & GREEN FEED
- ✓ IMPROVED FERTILITY
- ✓ EASIER, FASTER & CALMER WEANING
- ✓ HEALTHIER LIVESTOCK
- ✓ CHANGE OF DIET
- ✓ DECREASE SHRINKAGE IN TRANSIT
- ✓ TRACE ELEMENT DEFICIENCIES
- ✓ LOWER STRESS LEVELS
- ✓ INTRO & EXIT FROM FEEDLOTS

✓ FEED CONVERSION

BLM aids in the feed conversion of both DRY & GREEN feed.

✓ COST EFFECTIVE

One of the most cost effective, feed conversion and 3-in-1 liquid supplements on the market. For White Cap the cost is as low as \$0.92 per dose for a cow/calf unit, every 6 weeks.

✓ 3-IN-1 COMBINATION

BLM products are a unique combination of electrolytes, amino acids and chelated trace elements, resulting in improved absorption & retention in the rumen.

The fulvic acid component allows nutrients to be more effective and available in the blood stream for longer.

✓ QUALITY ASSURANCE

- Includes individual NATA accredited batch analysis.
- Batch analysis history and samples archived for every batch produced.
- Fine filtered.
- Certificates of purity required on all ingredients used.

✓ PRODUCT ASSURANCE

BLM is SAFE and easy to use, and can be adapted to all regions. Our clients are the best proof of our product.

✓ EASE OF USE

Simple application and dosing methods. The recommended dosing method is via the water supply with our BLM Dispenser, with an easy approach to dose rates.

✓ VERSATILITY

BLM can be adapted to your property and livestock needs:

WATER: By dispensing into livestock's water supply.

FEED: Mixed with feed or poured on hay.
